To whom it may concern:

As frequent Las Vegas visitors and concerned citizens, we are extremely concerned about the Energy Department's projected deposit of nuclear waste at the Yucca Mountain Project site just 90 miles from Las Vegas.

In view of the fact that Southern Nevada is home to millions of people and is no longer a vast empty wasteland and in view of the current state of war and terrorist activities in the United States, we are fearful that this depository whose location the media has detailed for willful and would-be terrorists, is extraordinarily dangerous for residents and visitors alike.

THEREFORE WE ARE UNEQUIVOCALLY AGAINST THE YUCCA MOUNTAIN NUCLEAR DEPOSIT SITE PROJECTED TO BE BASED HERE IN NEVADA.

Thank you,

Michele Hart-Rico and Joseph D'Amore
